SUCCESSFUL INHUNDRED DEPUTY SHERIFFS AND
TROOPS OF STATE POLICE ENFORC-
ING MARTIAL LAWS. S. FINLAND DOCKS
WITH 28TH DIVISION
TROOPS ON BOARD

REDS DEFIED THE AUTHORITIES

The city of Indiana awakened with a start today, as the result of a demonstration by the so-called Bolshievik forces, and the State Police.

After a week ago Mayor Crossman had asked for permission to hold a parade, which was at first granted, but later, upon learning that the red flag was to be carried, and the parade was to be a demonstration by the Bolshieviks, the grant was annulled. The sponsors for the parade, stated that they would hold their parade in spite of the mayor and the city authorities, and have made preparations throughout the week, with that end in view.

Upon the request of the City, a copy of the State Constabulary was brought to Indiana from Greensburg, Pa. at the end of the week, and yesterday the head of the state police went to Indiana from Greensburg, to prepare for the parade which they tried.

It is reported that machine guns have been brought to Indiana from various points in the state, and that they are prepared to use all of any branch of the state police.

It is reported that the working men of the city are trying to get the red flag out of the city, and that the result will be very plain.

(Special to The Progress)

INDIANA, PA., May 1, 9 A. M.—With a body of forty reds reported to have left Indiana for Indiana, via Greensburg, this city is anxiously awaiting developments growing out of the parade of reds from the state of Indiana to this city. The reds were reported to have arrived in an orderly manner but under the red banner.

INDIANA, PA., 10 A. M.—While the attempted uprising of the Bolshieviks which planned to march on this city today has not been suppressed the precaution being taken to prevent a clash and break up.

PEACE NEGOTIATIONS OFFICIALLY
OPENED WITH GERMANY AT 3 P. M.

By WM. PHILLIP SIMMS

(United Press Staff Correspondent)

PARIS, May 1—Peace negotiations with Germany were officially opened here at three o'clock this afternoon. At that hour Foreign Minister Brockdorff-Rantzau and Herr Landsberg, German delegates handed their credentials to Jules Cambon, Henry White and Japanese Ambassador Natshui representing the Allies.

MEXICO AND COSTA RICA ON PROOF
OF STABILITY WILL BE ADMITTED

By FRED S. FERGUSON

(United Press Staff Correspondent)

PARIS, May 1—Mexico and Costa Rica, like Russia, must demonstrate their stability as governments, as well as show they are ready to accept the principles of the League of Nations before they are submitted to membership it was learned today. The United Press was informed, that there is no significance in the failure to mention Mexico among the neutrals invited to immediate membership but what shows on the face of the action.

COMMANDER OF OIL
CITY TROOPS TELLS
OF HIS EXPERIENCES

Philadelphia May 1.—Col. G. C. Rickards, Commander of the 12th Infantry of Oil City in charge of the Iron Division men who arrived on the Pocaterra today discussed the work of his men who distinguished themselves in the battle of Fismes and elsewhere. "My men were no better than others in the army," Rickards said. "We did our duty, carried out the commands given us. Took all objectives when possible and we hope we did our little bit toward winning the war. The Argonne battles were probably the hardest experienced."

Indiana, Pa., 10:30 A. M.—All trolly cars leading to Indiana are loaded with curiosity seekers who have heard of the threatened outbreak of reds. The state constabulary are stopping all cars before they reach the city, searching all passengers for concealed weapons, and only those who can prove that they are travelling on business are allowed to proceed to the city.

Indiana, Pa., 10:45 a. m.—Red organizations recruited at Aultman and Jerome Mines assembled this morning for their march on the city of Indiana but were dispersed by members of the State Constabulary who held up their advance. In this connection it is reported that all gatherings of every description and every part of the affected section is more than two men are allowed to stop on the streets or highways.

WRECK FIRE RAGING
IN SABULA TUNNEL
WITH HEAVY LOSS

DuBois, May 1.—Despite heroic efforts of firemen and trainmen fire which started yesterday in the wreck age of 38 loaded freight cars in the Sabula tunnel of the Pennsylvania near here raged today unchecked. Several cars of gasoline are in the burning wreckage. Should these explode it is believed that the tunnel would be wrecked. Railroad officials estimate the damage at \$250,000.

THE PRICE OF PEACE

AT MORRISDALE

The government Victory Loan film showing actual battle scenes will be shown at the Morrisdale moving picture theatre tomorrow, Friday afternoon and evening. The show is absolutely free and The Progress wants every man woman and child in Morrisdale to see it.

STOCKS STRONGER

New York May 1.—The trend of the stock market was strong at the opening today. American locomotives was 76 up 1-4, Bethlehem 77 1-2 up 1-2, General Motors 182 up 1-2.

Old Dr. Stork made a visit to the home of Mr. and Mrs. A. M. Braund on Eighth street, yesterday and left a bouncing big girl baby.

Dr. Paul Frantz as returned from a trip to Harrisburg where he went in the interest of the medical profession. While so near his old home Dr. Frantz visited in Lancaster.

Mrs. Annie Moore and son Ernest returned home last evening from Pittsburgh after a two weeks visit with their son and brother Alvin Moore.

Well, we are commencing to believe that our diagnosis of the feeling of Clearfield people toward our returned service men was just about the correct dope. At least we discovered yesterday four or five patriotic people who were willing to join us in providing the means whereby the service men's representatives can get to the National convention of service men at St. Louis May 8-10, 1919.

Remember, when you subscribe to this fund you are not helping but two returned heroes, because all will benefit by your generosity.

The American Legion is to be an organization formed to benefit and protect in the future the men who risked their all in the service of their country in the greatest war of all times. If patriotic citizens enough cannot be found the service men will be assessed one dollar apiece to pay the expenses of the local delegates. They will do it too, even though their last jobs paid them the meager sum of "one buck" per day and since leaving that they haven't been able to land another one.

We want to clean this matter up this week. Come on, you "monied guys" show the boys your heart's in the right place.

The following subscriptions have been received to date:

The Progress	\$10.00
W. I. Betts	10.00
M. and Mrs. A. E. Leitzinger	10.00
A. W. Lee	10.00
Helmbold & Stewart	10.00
A. B. Reed	5.00
Dr. W. E. Reilly	5.00
J. A. Breth	1.00

Make all checks payable to J. D. Connelly, treasurer, and send in your contribution quick as the time is short.

FISHERMAN PLAN
ROYAL RECEPTION
FOR MR. BULLER

Every fisherman in this community is invited to attend the meeting to be held in the Arbitration room this evening at 8 o'clock for the purpose of arranging for a proper reception to State Fish Commissioner Buller, who will come to Clearfield on Thursday, May 8th, as the guest of Clearfield county fishermen for the purpose of taking up with our local people the matter of a better and more scientific stocking of Clearfield county trout streams.

Commissioner Buller is one of the leading fish culturists in the country and is anxious to become acquainted with local conditions in territory where trout can be properly successfully propagated.

It is the purpose of our local fishermen to endeavor to land a trout hatchery in our county and the help of every fisherman is needed to assist in advancing our claims.

Don't let anything interfere with your coming to tonight's meeting. It will start at 8 o'clock and your presence and advice is needed. No collections or money-raising. Just come.

VIRGINIAN GOT D. S.

C. IN BERLIN

((By United Press)) Berlin, (By Mail)—Major Lindsey M. Sylvester wears the only Distinguished Service Cross to be awarded in Berlin. The Major is a Virginian. He won his D. S. C. last summer along the Marne. His dug-out was the only protection in a particularly hot sector that could be used for the wounded. The Major moved his battalion headquarters out in the open trench, to make place for the wounded, and for two days directed his men from no cover at all, with shrapnel and high explosive shells raining over the area.

When the award finally came through, Major Sylvester was in Berlin with General Harries' prisoner mission General Harries presented the medal in the old American Embassy on Wilhelmplatz, in the presence of British and French Generals.

CIRCUS COMING TO CLEARFIELD

The John Robinson circus will exhibit in Clearfield on Friday, May 16th.

Daniel Frank, the oldest member of Clinton Lodge of this city, and without a doubt the oldest Odd Fellow in the state, went to Williamsport this forenoon with his comrades of the three-link fraternity. Mr. Frank is 88 years old and has been an Odd Fellow for 65 years. Notwithstanding his advanced age, he is quite active and steps as lively as many men 20 years his junior.

He was accorded a place of honor in the parade in a specially decorated car and no doubt attracted much attention. It is needless to say his fellow members of Clinton Lodge are justly proud of him. Lock Haven Express of April 29th, 1919.

We publish the above for the purpose of putting our erring Bro Editor right in his premises. We have no fault to find with Mr. Frank being the oldest Odd Fellow in Clinton county, but when the editor includes the entire Keystone State he is taking in entirely too much territory. Also we realize that a year lived in Lock Haven is sure a darn long time and perhaps Bro. O'Reilly thinks 88 years at the Clinton county capital encompasses a stretch of time against which the mind of man runneth not to the contrary. But not so, not so, my dear 'penic pusher."

Clearfield Lodge of Odd Fellows, proudly boasts a member, the venerable Alexander Livingston who passed his 92d birthday Dec 10, 1918, and has been a member of the order since 1852 or for almost sixty seven years. Mr. Livingston is hale and hearty in spite of his years and accompanied his lodge members to church Sunday evening to listen to the annual and centennial sermon.

LOYAL WORKINGMEN
OF INDUSTRIES ARE
FINISHING THE JOB

The Clearfield plant of the Elk Tanning Company reports the collection of \$4950.00 in Loan subscriptions to date. J. W. Leonard, the Superintendent, when last seen was on a still hunt for that additional \$500.00 to make up \$5000.00. We think he will get it.

The Clearfield Fire Brick Company employees can always be depended upon to come up to the scratch. When the Committee called to arrange for a meeting there they said "Oh we had our meeting yesterday and secured something over \$5000 with more to come in."

The Clearfield Machine Shops report a total to date of \$1500 with more coming.

The Clearfield Textile Company had a meeting Wednesday addressed by Dr. Reeve. Amount of subscription not yet available.

Alexander Paterson and Rev. John P. McCurdy of Clearfield and Lt. Thos. McCracken, of Mahaffey, addressed a meeting of Greenwood citizens at Bells Landing last evening. Following the speeches subscribed totaling \$2750 were taken and B. R. Spackman, President of the meeting stated there would be no question about Greenwood raising her quota of something over \$4000. There were 150 people present at the meeting.

Rev. C. C. Snavely and John M. Urey Esq., attended a meeting at LaJosa Tuesday evening and report bond sales totaling \$5050. LaJosa's quota was \$2184.20. You can readily see there is nothing the matter with Cest Creek patriotism.

Rev. Dr. E. C. Reeve addressed an enthusiastic meeting at Houtzdale Opera House on Monday evening.

Hon. J. Frank Snyder, W. H. Callahan and R. W. Chamberlain addressed a fine meeting at Glen Richey Tuesday evening. There were 175 people present and a girl's chorus sang some very pretty songs. Bond sales totaled \$2500.

HARBISON WALKER EMPLOYEES NOT QUITTERS

The war is over but the job is not finished at least that is what these employees say when at Clearfield No. 3 Works yesterday they subscribed for \$10,000 and at Woodland Works today subscribed for \$10,000.

These fellows are not quitters and are on the job until the thing is over.

By FRANK J. TAYLOR

(United Press Staff Correspondent) Berlin, April 18 (By Mail)—Americans who have been sent on missions into Germany to deal with prisoners or handle food delivery have had their troubles with the bolshieviks and are fast becoming experienced bolshievik tamers.

Probably the most ticklish situation, or series of situations, for these are new difficulties every hour, is at the port of Dantzig, where the Americans are unloading foodstuffs and sending supplies into Poland. Dantzig is about seventy per cent German and thirty per cent Polish. It has been a center of trouble until everyone is ready to bolshievik on the slightest pretext.

Threatening movements led the Americans to distribute food among the people of Dantzig to keep them quiet. The food did quiet unrest and destroyed the desperate note in the people's demands.

To unload the ships, the Americans hired Germans and after the distribution of food, it was thought, the honor system might be used. It failed and stealing was rampant. Finally American sailor guards, with arms, were placed as overseers along the docks and the Germans were examined as they left the gates after the day's work.

Labor leaders soon began to provoke strikes and troubles. Daily there are new demands on the part of the workmen.

Equally trying has been the work at the Russian prison camps scattered over Germany. In all of them are American officers and soldiers and Red Cross workers getting the Russians in shape to go back home as clean and healthy in body and mind as possible. There has been hardly a camp that has not had uprisings and bolshieviks, and it has required more than ordinary tact to keep the prisoners from revolting.

In only one instance so far have the Americans had to allow the German guards to use weapons to quell a revolt. That happened at a camp near Danzig.

RAISIN DAY YIELDS TO A. E. F. HEROES

Fresno, Calif., April 30.—Fresno's annual Raisin Day celebration will be turned into a military pageant, today in honor of the returning San Joaquin Valley heroes.

The A. E. F. veterans and other home boys who were in the military and naval forces of the United States during the World War will lead the parade. Boy scouts, high school cadets, the home guard and other local military organizations will participate.

One of the features of the day will be a competitive drill between high school cadet companies from various parts of the state. Suitable prizes will be offered.

Major Jesse E. Tarbell, of Fresno, who was decorated by the King of Italy, while fighting with the American Army in the Isonzo will be grand marshal of the parade. Major Phillip H. Williams, U. S. A. will be his assistant. The U. S. N. band from Mare Island is expected to play.

Two thousand people will participate in the pageant.

Y. M. C. A. NOTES

The managers of the six amateur baseball teams that will play in the twilight league will meet at the Y. M. C. A. on Friday evening at 8 o'clock to hand in the names of their players and help to form the by-laws that will govern the league.

All men interested in an auto school and wish to join will please hand their names in at the office.

WHY WE WERE LATE

Our "electric horse" lay down on us last evening and we were unable to get our wheels (don't get personal) turning until 7 o'clock in the evening. We wouldn't have been able to get her started then only Charley Blythe had a date with his best girl for the minstrel show and he just simply made that old motor hump.

Excuse us this time. We won't let it happen again.

China exports more than 200,000,000 preserved and fresh eggs and 50,000,000 pounds of egg yolk and albumen annually.

AN EXAMPLE FOR CLEARFIELD TO FOLLOW

It is an absolute and unadulterated cowardice for the people of any community to sit back, and let pass by unnoticed, the un-American sentiments expressed by its residents. Likewise it is a deliberate shirking of responsibility when the citizens of any community fail to provide against the frenzied uprisings of misguided people who because of fancied or real grievances take up the cudgel of inflamed utterances, or more dangerous weapons, with the idea of tearing down regularly warranted law and order and setting up a reign of terror and incendiarism.

Our sister town of Indiana, a peaceful and quiet community, is reported today to be facing a crisis with the Bolshevik element of Indiana County. The danger is real and not fancied. If the red flag worshipers fail to carry out their plans and it is hoped they will fail, it will be because the citizens of Indiana have backbone enough to present a solid front behind rifles if necessary, and say "You shall not pass over our streets under any other banner except that under which our boys charged when they trampled underfoot your dirty cohorts, the Huns, at the Battle of the Marne."

It is said that the persons who seek to parade over the streets of Indiana under the red flag are of foreign blood and birth. To permit such a spectacle would be beneath the dignity of any community, much less Indiana, the flower of whose manhood lies beneath the sod of France, their souls crying out to keep the stars burning until law and order is restored to all the world.

No charitable and reasonable American objects to seeing the flag of their Allies or any friendly nation flying in the breeze if placed in its proper position. It is a symbol of the good relations should be fostered and encouraged. The red flag however is an enemy flag and deserves no place on earth much less on an American flagstaff.

There is, as yet, no indication of a similar occurrence at Clearfield or at any town in Clearfield county but should such a situation arise every loyal citizen of Clearfield must be ready to obey the call for volunteer service. Put none but Americans on guard. Incidentally, should such a thing come to pass, it is gratifying to know that there are among us, those who know where the leaders of the agitators are to be found.

Have you bought your Victory Bond?

Yes, it is a very bad day to see the war train exhibition but when we consider that our boys went after the squareheads with just such equipment regardless of rain we begin to realize that little obstacles in their path were entirely disregarded. How many of us are there who falter and hold back at anthesis. Weather conditions will hold no man back who is resolute in his purpose. A man's finances and future may be just a little cloudy but if the purpose and determination are there the weather and kindred obstacles will be surmounted. Is there a little rain cloud standing between you and your duty as a Victory Bond subscriber.

DO IT NOW

While the Liberty Loan canvassers are meeting with good results in the local campaign generally, they report a tendency on the part of many people to put them off until later.

A common reply is, "Oh yes I expect to take some bonds but I haven't had time yet to give the matter much thought. If you call on me later I will see what I can do."

This tendency to procrastinate is common to most of us. It is so much easier to put a thing off than to make a prompt intelligent decision. In a campaign like the present one, however, there are several important reasons for cutting out all unnecessary delay.

In the first place this drive lasts but two weeks. Part of the time has already gone by. Many communities have already

LOGIC VS. SCIENCE

Archaeologists insist that the cave man was fond only of fat wives.—A distinguished editor

Although assured by men of science
That cave men liked their spouses fat,
We can't be led to place reliance
Upon a fallacy like that.
To say they LIKED 'em fat is silly,
For in their prehistoric state
They HAD to take 'em, willy nilly,
As we shall ably demonstrate,
And leave you fully satisfied
That all the logic's on our side.

In that forgotten long ago
Men lacked the eloquence for wooing.
If any ladies murmured "No,"
The case was one of nothing doing.
And so when in their hearts they found
The fires of love begin to smoulder
They dug their toe nails in the ground
Until they had unearthed a boulder,
And tapped the loved one on the head,
Who found, on waking, she was wed.

But ladies think this cave man stuff
(Despite what fiction writers tell us)
A little crude, a trifle rough,
And just the least bit over-zealous.
So when the cave man, with a smile,
His fond affections sought to tender
He found himself full many a mile
Outdistanced by the slim and slender,
And so he only wooed and won
The portly Janes that couldn't run.

And though the archaeologist,
Who never sees plain logic clearly,
Will still assert and still insist
That fattest wives were loved most dearly,
Sometimes the very stoutest wives
Turned out to be both false and mean ones,
And led their husbands dreadful lives,
But he could never catch the lean ones.
Which proves, as we've said all along,
That science often steers us wrong!

reached or passed their quotas. Nobody wants to see Clearfield the last on the list, limping over the line at the eleventh hour. A rush to bring up the quota on the last day means extra time and expense checking up a lot of subscriptions that might just as easily have been made in the early days of the campaign. Still more important this dragging tendency takes the interest and spirit out of the campaign and the workers. All the canvassers and others who are trying to make the Victory Loan a success in Clearfield are giving their time without any return. The hardest Loan workers are invariably the busiest people, those who have the most other calls upon their time, but who for patriotic reasons are willing to let their personal interests go by the board, often at a serious sacrifice to themselves. There have been instances in which a canvasser has been made to come back three or even four times by the same man. In that time he might have interviewed as many different people and secured three or four subscriptions.

Hence the moral, don't wait. You have your share to do. Delay will not make it easier for you, only harder for the other fellow. We have all had time to determine how much we can take. Let us subscribe cheerfully and to our limit, now.

HELP PAY THEIR FARE

"Buy Victory Bonds! We wanna go home!"
This is message from three "doughboys" of the American Army, still on duty overseas.
Their note, tied to a captured German machine gun they inspected and packed for shipment, was found when the gun was delivered in this country. Written in pencil on a sheet of paper was:

"Packed and inspected at Mehus San Yorio by Pvt Henry G. Groth, Odessa, Wis. Pvt Walter D. Robinson, Homestead, Pa., Pvt E. S. Phillips, Louisville, Wis.
"We want to home. We have done our bit. Do you buy 'Buy Victory Bonds! We wanna go home! That's Sweet!'
The final phrase—"You swear—is in imitation of the French "tout suite, merci, very quickly."

DEPARTMENT OF LABOR

OFFICE OF THE SECRETARY
WASHINGTON

The Victory Liberty Loan is the biggest, most definite step toward reconstruction taken by the United States. Without it, all the plans for putting industry and labor on a basis of permanent prosperity would be unavailing.

This is labor's Loan. It will do much more than pay war bills. For every dollar of this Loan will flow back into American pockets. It will do its part in promoting unexampled prosperity—neither temporary nor inflated, but built on the bedrock foundation of legitimate, necessary expansion.

Industry is counting upon final payments of war contracts to provide the working capital for top-notch peace production. The money to make these payments must come from the Victory Liberty Loan.

Every working man who does his level best in this Loan is taking out job insurance.

W. B. Wilson
Secretary of Labor.

PRINCE ALBERT
the regular joy smoke

Just between ourselves, you never will wise-up to high-spot-smoke-joy until you can call a pipe by its first name, then, to hit the peak-of-pleasure you land square on that two-fisted-man-tobacco, Prince Albert!

Well, sir, you'll be so all-fired happy you'll want to get a photograph of yourself breezing up the pike with your smokethrottle wide open! Talk about smoke-sport! Quality makes Prince Albert so

appealing all along the smoke line. Men, who never before could smoke a pipe and men, who've smoked pipes for years, all testify to the delight it packs out! P. A. can't bite or parch! Both are cut out by our exclusive patented process!

Right now while the going's good you get out your old jimmy pipe or the papers and land on some P. A. for what ails your particular smokeappetite!

You buy Prince Albert everywhere tobacco is sold. Tasty red bags, tidy red tins, handsome pounds and half pounds tin tins—and that classy, practical pound crystal glass humidor with opaque monogram top that keeps the tobacco in such perfect condition.

R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

China has an area larger than that of the United States and a population four times as great, yet it has but 6,500 miles of railway as compared to America's 265,000.

Durable strings for lacing machine-belts, are sometimes made of eel skins.

Chinese fathers cannot leave more property to one son than to another. All must have an equal share.

A curiosity of the calendar is that a century can never begin on Wednesday, Friday or Saturday.

I saw it in The Progress.

The extent of Canada's sea coast is equal to half the circumference of the world.

The production of yarn from paper was known in Japan more than a century ago.

Serviceable barrels of standard size are now made of paper.

**"I ALWAYS
Pay My Debts!"**

Of all the Liberty Loans,
this is the most important.
We went in to win and to win

quickly. We won. Now we have got to pay our bills.

It means we must see the thing through—Uncle Sam's
debt is your debt and my debt. Let's put over the Victory Liberty
Loan with a bang and square things up—buy for cash and buy on
installments—and do it today?

Victory Liberty Loan Committee

It Might have been—

"Belgium!" is the thought that leaped to your mind
when you saw the ruins of this house—the abject poverty
and the untold suffering of this family.

But it might have been your home—your child—you!

If only out of gratitude to the men who protected you,
buy to your limit in the Victory Liberty Loan.

GIRL ESCAPES FROM BANDITS

Was Held for Ransom by Smug-
glers on a Lonely
Island.

CAPTIVE FOR 12 YEARS

Distress Signal Answered by Small
Fishing Vessel, Off Texas Coast—
Succeeds in Reaching Main-
land.

Rockport, Tex.—Being kept on a lonely island for more than twelve years by a gang of bandits or smugglers, who hoped to secure a large ransom from relatives for her release, and only making her escape through an act of fate, is the remarkable experience of a young woman just budding into womanhood who has arrived at Rockport, Tex. The young girl knows nothing of herself or relatives other than she answered to the name of "Nellie" for several years.

"Nellie" came to the mainland from one of the five small islands lying five miles off the coast in a small fishing vessel which saw her signal of distress. She had been on the island alone for two days following the death of an old negro woman who constantly guarded her.

Lived in House Made of Rocks. The girl said the greater part of the time she was on the island she lived with the negro woman in a house made of rocks. "Nellie" declared her old jailer never beat her but once, and that was when she asked if there were other bearded men, and black women on ships which sometimes passed in sight, and why they could not go away to some other house on one of the ships.

According to the strange story related by the girl, the bandits contemplated taking her to South America, where she said they could get lots of money for her. "Nellie" said the men had a large sailing boat. The bandits never sailed toward the Texas coast, she

The Strange Man Was Carried Away Dead.

said, but went down the bay in the direction of Mexico. At one time, long ago, when she was but a little girl, the bandits brought another man to the island, she said. "Nellie" can remember them drinking and singing and playing cards. The next day, she said, the strange man was carried away dead.

Will Explore Islands.

"Nellie" is a pretty girl. Her hair is brown, and her bright, snappy eyes are hazel. From her general appearance the people of Rockport believe she must be of Spanish descent.

A party has been organized to explore the rock house on the island and to trap the bandits, with a view of forcing them to tell something of the little girl, that she may be returned to her parents or relatives.

CLIPS OFF WOMAN'S HAIR

But Intruder Leaves Tresses Behind—
—Also Steals \$20 Without
Waking Couple.

Passaic, N. J.—Mrs. William Hawthorne, forty years old, of 422 Harrison street, reported to the police that during the night a thief had entered her bedroom and clipped off her long, golden hair. So quietly did the thief go about his work that he not only did not arouse Mrs. Hawthorne, but was not heard by her husband, in an adjoining room, nor by two children in another room near by.

The police found marks which indicated that the thief had used a jimmy on the kitchen window. They also found a pair of scissors. Mrs. Hawthorne said she believed she had been chloroformed, as when she awoke she felt sick. The thief also took \$20 which was in a tin box, but evidently he had no use for the hair after clipping it, as it was found alongside the empty money box by Mrs. Hawthorne.

PAY FOR VICTORY. PASSMORE URGES

E. Pussey Passmore, governor of the Third Federal Reserve Bank, made the following appeal to the people of the district:

"This Fifth Liberty Loan is officially designated the Victory Liberty Loan and is in a financial sense a triumphant celebration of the consummation of our hopes and prayers for the winning of the war and the preservation of our liberties. The ideals for which this nation fought have been vindicated on the field of battle and the money price of that victory, the greatest and most momentous victory of all history, must be paid promptly, cheerfully and in full share.

"The portion of this great loan allotted to this district is \$375,000,000, and yet no one complains that it is too large, for what we have done before, we can do again; but it is a herculean task and will take the best effort of the entire community.

"Our of our abundance the loan must and will be subscribed here, as it will be throughout the country, but the maximum of endeavor must be maintained to achieve the success at which we aim.

"It is said 'Love of Country Leads.' Then the supreme duty of the hour is clear and from now on to the close of the campaign on May 10 let it not be said of one of us that we were not equal to it. We have proudly met the call to duty in the past and we believe our grateful citizens, putting patriotism and citizenship above all else, will again write their record big and clear in the name of those who fought for us and in thanks giving for the Victory they helped to win."

"BILLY" SUNDAY'S VICTORY SERMON

A "pocket size sermon" on the Victory Liberty Loan by the Rev. William A. Sunday, the noted evangelist, was given by him to the Third Federal Reserve District just before going west on a loan speaking tour.

"Uncle Sam has just cleaned up the most infamous, vile, heartless, God-forsaken bunch that ever outraged womanhood or trampled with dirty-bloody feet on the heart of a weeping world," Billy Sunday declared.

"He has slain Prussian militarism and he wants you to help him pay the funeral expenses.

"We belong to a nation whose flag fights to the finish, a nation that is known as the corner of the world, the wheat bin of the hemisphere, the wardrobe of the nations and the purveyor of meat to all mankind."

"Hundreds of thousands of our boys, who fought so gloriously on land and on the sea, when they kissed mother and sweetheart good-bye, were one hundred per cent mentally and physically fit. The horrors and hell of war have sent them back crippled, maimed, handicapped for life.

"If there is a heaven for fools the fellow who luggs over the debt incurred to silence the guns they faced, or who refuses to subscribe for a Victory note will be there on the front seat."

The work of the Red Cross is all a work of love. It is needed now more than ever, when the full, terrible sum of the war's cost is being estimated in deaths and wounds and suffering and maiming, in blindness and lameness and weakness of every sort, in bitter loss and need in America, and in endless canteen and hospital service over there. Let us end the great war as we began it—in generosity and love to the men that have spared us what England and France and Italy have endured for years, says Red Cross Magazine. The organization of the Red Cross is perfect; there is no soldier beyond its reach, there is no crossroads village too small for it to find and help.

Perhaps Marshal Foch could have taken the entire German army had he so desired, but who wants the entire German army?

It is hoped that all the bachelor fighting men will be permitted to retain their uniforms and side arms—for marrying purposes.

End Foot Misery And Torture Forever

Don't fool with makeshifts. Get rid of the trouble at once and be happy

Obtain a small jar of Dash-Balm on your way home tonight. Every good druggist has it and give your poor, tired, aching, puffed up, perspiring feet a chance to get well.

You simply apply a little of this almost magical balm, first bathing them off with a little warm water and drying. You will be at once surprised and delighted to find how easy and comfortable you feel. No matter how hard the day's work or how long you may be compelled to stand at bench or counter, real foot comfort is yours at last.

Just as soon as Dash-Balm touches those sore, inflamed, aching feet, you will literally jump for joy. Shoes never hurt or seem tight. Every druggist in the country sells Dash-Balm in small jars on the money back if dissatisfied plan.

SPRING IS HERE PAPER A ROCK

The natural time to get away from the winter that has stared you in the face starts right NOW!

Springtime is dress-up time for the well as for everything else. We've the new for the dress-up. Chintz, oatmeal, lace, ruffled, pretty stripes, hundreds and hundreds of patterns for your selection.

More Time For Your Victory den and Your Victory Garden A Success

A Bissell's in your home will make the sweeping so much shorter that you may have your garden.

Then your Victory Garden or your flower garden, will be better and more productive if you have the proper tools for intensive cultivation. Intensive cultivation needs tools as are pictured and we have them.

WILLIAM E. BOY

BUNGALOW OF WOOD MAKES GOOD HOME

Five-Room Structure Can Be
Built at Small Cost.

SUN PARLOR IS BIG FEATURE

Opens Off Both Living and Dining
Rooms, Adding to Comfort and
Convenience of the Interior.

By WILLIAM A. RADFORD.

Mr. William A. Radford will answer questions and give advice FREE OF COST on all subjects pertaining to the subject of building, for the readers of this paper. On account of his wide experience as Editor, Author and Manufacturer, he is, without doubt, the highest authority on all these subjects. Address all inquiries to William A. Radford, No. 1821 Prairie avenue, Chicago, Ill., and only enclose three-cent stamp for reply.

Every substantial American citizen, man and woman, who is the head of a family wants a home—not merely a place in which to eat and sleep, but a real home. Homes are made by those who live in them, and when the house is owned by the tenants it is noticeable that a great deal more attention is paid to the interior comforts and the exterior appearance than when it is rented.

To own a home is an ambition that is going to be realized by many thousands of Americans this year. Already, government reports show, home build-

ing is gaining headway, while other building is lagging. Notwithstanding the campaign the federal officials are waging to bring about a resumption of building of all kinds.

The average American family builds but once in a lifetime. The house that is erected serves as the place where the children are reared until they depart to establish a home of their own. Building a home, therefore, is a matter that requires careful consideration before the type of house and its interior arrangement finally is selected. Many considerations of course influence the prospective home owner. In selecting the plans for his home, to some it is a question of getting what is wanted irrespective of the cost; to others, the

comfort and convenience of these two rooms.

A study of the floor plan will reveal that this bungalow has some excellent features in the arrangement of the rooms. The living room is of good size, 11 feet 6 inches, by 13 feet 3 inches. The arrangement of the windows, two in front and one at the side make it a light, pleasant room. Entrance to the sun parlor is gained through a doorway at the end, while there is a colonnade between it and the dining room.

The latter is of the exact size of the living room, which, because of the colonnade opening, makes the two rooms practically one.

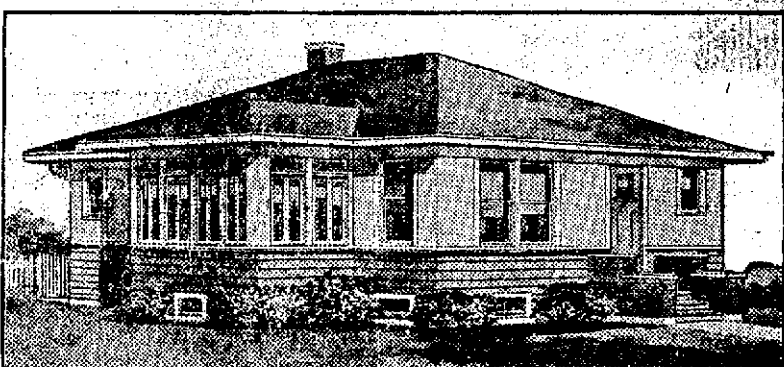

The kitchen is practically square, being 9 feet 6 inches, by 9 feet. Off it is a good-sized pantry on one side and the stairs to the basement on the other.

The two bedrooms are each 9 feet 6 inches, by 11 feet 3 inches. Both have closets and two large windows.

From this brief description there may be gained some idea of the comfort and convenience this home will bring to the owner. The housekeeper's daily work is all confined to the one floor, while the greatest portion of that work is done on one side of the house.

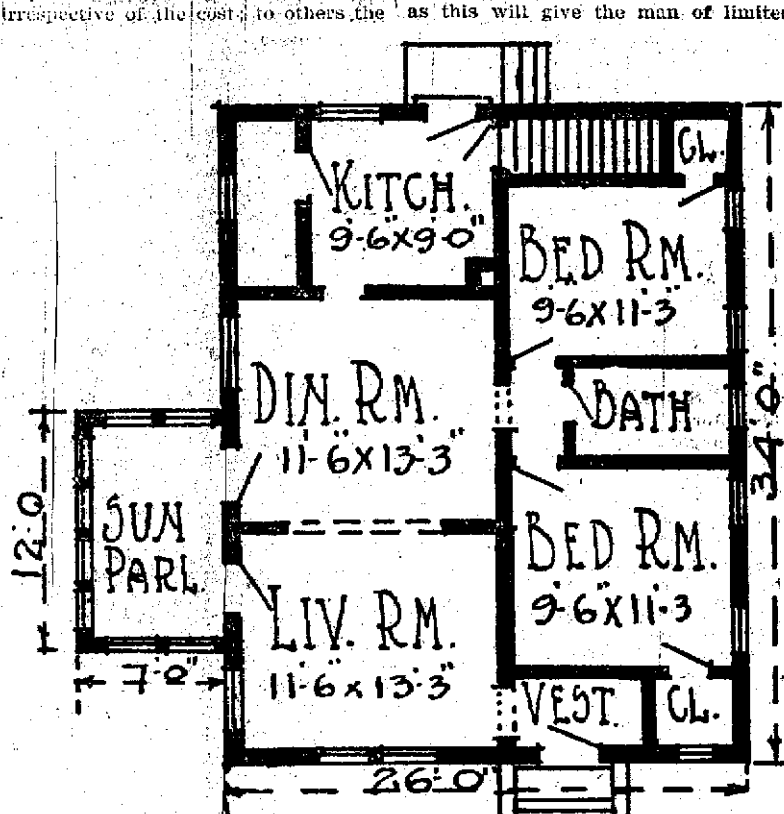

Heated at Small Cost.
There is one advantage in a home such as this that will appeal to every thrifty person. It will cost little to heat it. The heating plant, of course, will be located in the basement, which extends under the whole of the house. This, too, can be subdivided so as to provide the necessary places to store food, fuel and whatever is not in daily use.

With the exception of the front porch and the foundation the bungalow is constructed of wood. The brick

ing is gaining headway, while other building is lagging. Notwithstanding the campaign the federal officials are waging to bring about a resumption of building of all kinds.

The average American family builds but once in a lifetime. The house that is erected serves as the place where the children are reared until they depart to establish a home of their own. Building a home, therefore, is a matter that requires careful consideration before the type of house and its interior arrangement finally is selected. Many considerations of course influence the prospective home owner. In selecting the plans for his home, to some it is a question of getting what is wanted irrespective of the cost; to others, the

Floor Plan of Attractive Bungalow.

cost is the first consideration. As there are a great many more of the latter than of the former, the bungalow shown in the accompanying illustration has been selected as a suggestion for the home builders of 1919.

Frills Add to Cost.
The house, like a woman's dress, costs in proportion to the frills there are on it. Every angle there is in the framework means a duplication of the work of constructing the corners. The bungalow has only four corners, although there is nothing plain about its exterior appearance. The building is 26 feet wide and 32 feet long. But 10 feet has been added to the sun parlor, 12 by 7 feet, and the hip roof, which takes away the plainness and make it an attractive home.

Five rooms and bath and the sun parlor comprise the space in this bungalow. Living room, dining room and kitchen are arranged along one side and two bedrooms with the bath between them are on the other side.

To Explore British Guiana.
Eighteen men and women, naturalists, scientists and artists, will sail for British Guiana soon for exploration work in the jungles outlying Kalacoon, the station established by the New York Zoological Society in 1915, to enable William Beebe, curator of birds in the Bronx zoo, to obtain a complete collection from the American tropics, says the New York World. Beebe will lead the new party, and his associate for several years, John T. Van, will accompany him. Others in the party will include Miss Mabel Satterlee, granddaughter of the late J. P. Morgan, assisted by Miss Sarah Sturges, who will study bird life; Prof. William H. Wheeler of Harvard, who will study ants; Prof. Ulric Dahlgren of the University of West Virginia, whose specialties will be eels and crocodiles, and Miss Corita Spencer, who won decorations for Belgian war work, and Mrs. Gussie Garvin, student of jungle birds.

"May? No! WILL

"What? Make up my mind right now that I've waited long enough; that I can't stay behind the times; that I'll dig up my dollar and put down my name for America's big, broad, helpful national farm weekly."

The COUNTRY GENTLEMAN

"My neighbors are subscribing already. So I will, too—right now."

Call me on the phone and tell me something like that today. I'll start your subscription as quickly as ever I can. A year from now you'll thank me for the suggestion. Every Thursday THE COUNTRY GENTLEMAN will bring you its meaty discussions on how to make more money from crops, livestock, poultry, garden, articles on the "how" of repairing and building, common-sense editorials, a bully short story, a generous installment of a gripping serial—often a whole dollar's worth in a single issue! I mean to get you to subscribe anyway, in the end. Don't miss another issue! Say "I WILL" right now.

Pile Sufferers! Clever Ohio Chemist Says This Great Prescription Taken Internally Has Never Failed

Even Chronic cases of 20 to 30 Years standing, with profuse bleeding, have been completely cured in from three to ten days.

No discovery of recent years in the field of medicine has caused such a stir amongst the medical profession as the recent discovery that piles can be successfully treated and cured at home by a wonderful prescription known to druggists at Miro Pile Remedy.

It has been proved that so called external remedies applied or inserted into the rectum cannot cure piles and at the best only give temporary relief. This is also true of surgical operations which simply remove them after formation, but in no wise acts on the source of the trouble.

This prescription, although taken internally is not digested in the stomach, but is rapidly acted on unchanged to the intestine in a short time reaching the exact place where by its soothing, healing action it first cures all inflammation and stops the bleeding with all ulcers, fissures, hemorrhoids, and discharges forever.

It is positively guaranteed that, if used as directed, relief will be obtained in three days at most, even in cases with profuse bleeding that have resisted all other treatments and operation really wonder cures have been accomplished.

The author of this amazing discovery, Miro Pile Remedy, declares that even in the worst cases and in the most incurable cases all over the country to guarantee it in every case of bleeding or protruding hemorrhoids.

IMPORTANT! What is known as leading piles are not piles in the true sense of the word, although this condition may accompany a true case of piles. For this condition Miro Pile Ointment has been prepared as in such cases it is not necessary to take the internal prescription.

COAL COAL COAL COAL

We are now in a position to furnish some very highest grade custom coal and furnace coal. This is the kind of coal of which when you have burned one load you want another.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Illini Tribe No. 362 Improved Or-
der of Red Men will hold their 15th
annual banquet on Friday, May 2,
1919 at eight o'clock in the basement
parlors of the M. E. church of Cur-
wensville.

The program is as follows:
Invocation, Rev. F. W. Biddle.
"Our Order," John A. Dale, Chief
of Records.

"How It's Done," Wm. I. Holden,
Senior Sagamore.

"Red Membership" Joseph Bunnell,
Past Sachem.

"Live Red Men" Harold B. Smith,
Prophet.

Extemporaneous remarks by J.
Emery Daubs, Sachem and Edward
Wilson, Warrior.

"Odds and Ends," Harry B. Faulk-
ner, D. B. G. S.

General remarks, Red Men and Pale
Faces.

A good time is anticipated and all
Red Men are invited. Music will be
furnished by Knight's Saxophone or-
chestra of Clearfield. Red Men from
the surrounding towns will be present
including Philipsburg and Clearfield.

GRAMPIAN

Mrs. Howard Spencer, of Curwens-
ville, spent Wednesday with E. A.
Spencer.

Hepburnia school closed on Friday.

The W. C. T. U. made a drive for
new members and held a reception for
those joining the M. E. church on
Wednesday evening.

Bruce Kendall, who purchased the
F. J. Hamilton property has moved
his family to his new home.

Florence Wood spent the week end
with friends in DuBois.

Mrs. E. A. Spencer has returned
from West Virginia where she was
visiting her mother.

Fire was discovered at the home
of William Turner Tuesday about 4
o'clock. The fire was soon extin-
guished and little damage was done
to the house.

Mr. and Mrs. D. J. Bonsall spent
Tuesday with Mrs. Bonsall's mother
Mrs. Korb of Luthersburg.

Mrs. Eric Bloom Fishell and chil-
dren who spent the winter in the
west are visiting Mrs. Fishell's moth-
er Mrs. Phineas Bloom.

AMERICA'S IMPORTANTS

PATRICK GARRITY,
Private, Company C, 354th
Infantry.

Private Garrity was decorated
for conspicuous bravery in ac-
tion near Remonville, France,
November 1, 1918. When his
company was advancing across
an open field an enemy machine
gun opened fire upon it from the
left front. Private Garrity and
two other soldiers being on that
flank of the company, immedi-
ately advanced upon it. His
two comrades were shot down,
but Private Garrity advanced
alone at a run; and with his
bayonet drove the three Ger-
mans from their gun into a near-
by dugout, capturing them and
the gun. Private Garrity's home
address is 3741 Kenmore ave-
nue, Chicago, Ill.

BOY SCOUTS

(Conducted by National Council of the
Boy Scouts of America.)

ARMY MEN AS SCOUTMASTERS

"Don't take off the khaki, just
change the buttons," is a slogan that
will appeal to returned and retired of-
ficers of the United States army.

Maj. Gen. C. M. Clement of Sunbury,
Pa., is at the present time the first
army officer to accept this new scout
slogan for himself.

General Clement has recently re-
turned from active service on the
western battle front.

The acceptance of a position as
scoutmaster by General Clement has

Maj. Gen. C. M. Clement.

made it difficult for other men to re-
fuse a like call on the ground of mul-
tiplicity of duties.

There are at present over 452,000
boy scouts with their leaders. Appli-
cations are coming in to national head-
quarters at the rate of about 1,000 a
day. The government wants the scouts
to grow, and there would be several
million of these organized boys in
khaki if there were the men to lead
the troops.

Returning army men can find in this
a great opportunity. The scout uni-
form, in fact, is much like the army
uniform and is authorized under Sec-
tion 125 of the army reorganization law.

SCOUT'S LIFE FOR ALLIES.

In the death of Denwood W. New-
bury, age seventeen years, in a lum-
ber camp on Mount Spokane there
passed a boy who, disappointed that he
was too young to enter the army, had
done all he could to aid the causes
of the allies to prove he was not a
sneaker, and who had striven to live
up to the principles he had learned as
a boy scout.

He was intensely interested in the
war, and had contributed from his
earnings to the French war orphan
fund, the American relief, and had in-
vested in War stamps and bought a
Liberty bond. At the camp he collect-
ed 264 from the men for the Red Cross.
He had been a member of the boy
scouts in California, where we lived
before going to Spokane two years
ago, and his efforts were along the
line of making a good record for the
scout service.

To say that prices have sky rocket-
ed is a poor figure of speech. A sky
rocket comes down, eventually.

The planting of walnut trees on the
farms, however, is not a movement to
raise gunstocks for another war.

There can be no monotony these
days when everything costs a penny
more and life is so full of change.

A "Made-in-America" movement is to
be started. One such exhibit which
should lead the rest is world peace.

The hard coal output was less than
last year. Is this another way of
breaking news of another advance?

Now that the war is over, bank rob-
bers will not have to fear a shortage
of explosives for use in their line.

The Sign That Indicates Clear- field's Livest Clothing Store

It's early Spring and most men are in
the prospective mood for new clothes and the
question of where to get the best value and
satisfaction together with good taste and
style comes up.

The sign displayed at the top of this
"ad" gives the answer. We are proud to be
the possessor of this sign in our city. It's
"insurance" that any clothing purchaser is
getting his money's worth of everything in a
suit or topcoat possesses and the selection of
this line was made after careful observation
before we decided to exploit it here. It has
proven its worth!

New Spring light-weight coats and suits
have just been unpacked and we'll say the
pleasure of your early inspection shall "be all
ours."

New Spring Suits
at \$25.00 to \$50.00

H. J. FLEGAL

Says Hot Water Each Day Keeps The Doctor Away

Drink Glass of Hot Water Before
Breakfast to Wash Out the
Poisons

Life is not merely to live but to
live well, eat well, digest well, work
well, sleep well, look well. What a
glorious condition to attain, and yet
how very easy it is if one will only
adopt the morning inside bath.

Folks who are accustomed to feel
dull and heavy when they arise, split-
ting headache, stuffy from a cold, foul
tongue, nasty breath, acid stomach,
can, instead, feel as fresh as a daisy
by opening the sluices of the system
each morning and flushing out the
whole of the internal poisonous stag-
nant matter.

Everyone, whether ailing, sick or
well, should, each morning, before
breakfast, drink a glass of real hot
water with a teaspoonful of limestone
phosphate in it to wash from the
stomach, liver, kidneys and bowels
the previous day's indigestible waste,
sour bile and poisonous toxins; thus
cleansing, sweetening and purifying
the entire alimentary canal before put-
ting more food into the stomach. The
action of hot water and limestone
phosphate on an empty stomach is
wonderfully invigorating. It cleans
out all the sour fermentations, gases,
waste and acidity and gives one a
splendid appetite for breakfast.
While you are enjoying your break-
fast the water and phosphate is
quietly extracting a large volume of
water from the blood and getting
ready for a thorough flushing of all
the inside organs.

The millions of people who are
bothered with constipation, bilious
spells, stomach trouble, rheumatism,
others who have sallow skins, blood
disorders and sickly complexions are
urged to get a quarter pound of lime-
stone phosphate from the drug store
which will cost very little, but is

Piano, Lost 20 Years, Found in Razing Building

A piano in a rosewood case
that disappeared when the West
house, in Sandusky, O., was re-
modeled 20 years ago, has been
found by workmen engaged in
tearing down the old hotel.

It develops that in extending
the dining room a new floor was
laid over a pit in what was
known as the banquet hall, in
which the instrument reposed.
The piano is in a good state of
preservation.

Interesting Session.

Portland, Ore.—There was intense
interest in court when larceny evi-
dence against Mabel Cole was intro-
duced. "Twas a dainty garment of
sheer pink silk. An envelope chemise.

THE BOY SCOUT'S SALUTE.

During the playing of the national
anthem, the passing of the colors, or at
sunrise or sunset colors, a scout in uni-
form stands at attention and salutes.
If in civilian clothes, whether in line
or not, he simply removes his hat. This
is not hard to bear in mind and should
be strictly observed.

Notice two approaching up-to-the-
minute scouts, totally unknown to each
other. At six paces their hands snap
up and the scout smile or cheerful
"Hello" results.

STYLE HEADQUARTERS Where Society Brand Clothes are Sold

Society Brand Clothes

This is our "Budd" model—it stands high in the esteem of
those who are particular about their clothes.

WAS A MERE SKELETON FROM LUNG TROUBLE

Gained 28½ pounds in 28 days,
and completely recovered
health.

"When my health failed a few months
ago, several physicians told me I had
consumption and refused to take my
case—that I might last longer in a
higher climate but that it was only a
question of time with me. I was soon
reduced to a mere skeleton, weighing
only 100 pounds, and was hardly able
to walk.

"Finally a friend told me that Milks
Emulsion had cured him and persuaded
me to try it. By the time I had used two
bottles, I noticed a decided improve-
ment. I began to grow stronger. In
28 days, I had gained 28½ pounds. I
have now taken 23 bottles and am
happier than two natural boys. I have
regained my health. I weigh more,
am stronger and in better health than
I have been in the past 10 years. Milks
Emulsion saved my life."—Chas. W.
Byers, 201½ Chestnut St., Terre Haute,
Ind.

When success has been achieved in
hundreds of cases just as hopeless as
this, it seems unwise for any victim to
deny himself a trial of Milks Emulsion.
It can do no harm in any case, and
it costs nothing to try.

Milks Emulsion is a pleasant, nutri-
tive food and a corrective medicine. It
restores healthy, natural bowel action,
doing away with all need of pills and
physics. It promotes appetite and quick-
ly puts the digestive organs in shape to
assimilate food. As a builder of flesh
and strength, Milks Emulsion is strong-
ly recommended to run-down nervous
people, and it has produced amazing re-
sults in many cases of tuberculosis of
the lungs. Chronic stomach trouble and
constipation are promptly relieved—usu-
ally in one day. It works like magic
on coughs and colds.

This is the only solid emulsion made,
and so palatable that it is eaten with a
spoon like ice cream. A truly wonderful
medicine for weak, sickly children.

No matter how severe your case, you
are urged to try Milks Emulsion under
this guarantee—Take six bottles home
with you, use it according to direc-
tions, and if not satisfied with the
results, your money will be promptly
refunded. Price 60c and \$1.20 per
bottle. The Milk Emulsion Co., Terre
Haute, Ind. Sold and guaranteed by
Stewart's Drug Co.

Meat Cause of Kidney Trouble

Take Salts To Flush Kidneys &
Back Hurts or Bladder Weakness

If you must have your meat every
day eat it, but flush your kidneys
with salts occasionally. Says a re-
spected authority: "who tells us that meat
causes kidney trouble? It is the acids
from uric acid which build up and
irritate the kidneys. These acids are
expelled from the blood. They be-
come sluggish and produce kidney
trouble. A dull, aching pain in the
loin region, there being no other
sick headache, dizziness, or
achy joints, or any other
when the weather is bad, or
rheumatic twinges. The
cloudy, full of sediment
often gets sore and swollen
you to seek relief two or three
times during the night.

To neutralize these acids, and
to cleanse the kidneys, take
the body's uric acids, water
ounces of Jad Salts. These
may here take a
a glass of water, and
a few days, and your
then then act fine. This
is made from the acid of
lemon juice combined with
has been used for
flush and stimulates
also to neutralize the
so it no longer irritates
bladder weakness.

Jad Salts is the best
pure and makes a
vescent lithia-water drink.

HONOR STUDENTS OF G. H. S. ANNOUNCED
Clearfield High school has purchased a new motion picture machine and will give the first entertainment Friday evening. The program will have educational features and a comedy. The new machine can be used to good effect in the class rooms for illustrating.

The students of the University of Maryland gave a short talk in Clearfield, Wednesday. He has seen the machine service, a large portion of which was overseas.

The names of the honor students of the graduating class were made known Wednesday. The first honor was won by Iver Wood, of Grampian. The second and third honors, were taken by Katherine Tozier and Jane Shugart both of Clearfield. One daughter of Clearfield secured the first honor in the Commercial department. The honors were based on the marks for the last three years.

STEWART'S DRUG STORE
The Big Ten Store

Economy Corner
Above all things one's millinery must be kept fresh looking and immaculately clean. There are many millinery materials that are always in style, as velvet and velvet ribbons, well-made flowers, laces, ribbons, straw hats, crepe, and chiffons. They become soiled and mussed, but can be cleaned and freshened up by simple processes available at home. Now that spring is near, a becoming straw hat may only need repolishing, or to have the trimmings freshened up, to serve during the early spring and as a change throughout the season.

For colored straw hats there are dyes which are usually on sale in drug stores, ready to apply, which will restore the color of the straw or change it to another color. There are several reliable dyes that will change colored hats into black ones. Most of these dyes give the hat a fine luster and it looks practically new, after dyeing. Often a faded hat can be successfully restored to color by applying the colors mixed with gasoline, as described in a former article. Some hats can be secured with soapuds, as leghorn or Panama straws. In this case the straws are used, but with a view to keeping the straw from getting very wet. To restore a natural straw color, a hat may be cleaned with lemon juice and sulphur. A white straw may be washed with oxalic acid diluted with water. After a leghorn hat has been cleaned it may be bleached by suspending it over a burning sulphur candle. Burn the sulphur in the bottom of a barrel, suspending the hat at the top so that it will not scorch. A felt hat may be successfully secured with the finest sandpaper. Ammonia will often restore color in colored straw hats. Wring a cloth out of half a pint of hot water to which a teaspoonful of ammonia has been added and cover the hat with this cloth. Allow it to remain a while. If the brim needs pressing, cover it with the cloth and iron with a warm iron. If the color is not sufficiently restored by this process mix tube paint and gasoline and dip the hat in it, or brush it on. There are several reliable hat dyes that can be bought with directions for using that will quickly renovate straw hats.

"Pretty" Describes Many New Frocks

Old-time elegance, daintiness, quaintness—these are the things that make themselves evident in those spring frocks that are made of printed cottons or silks. Women have turned again to clothes that are truthfully described as pretty. Not rich or showy, but just full of pretty touches, in color and material and in style and accessories. All the way from simple "porch dresses" to frocks for all sorts of afternoon wear, there are pretty things in clothes made from new fabrics.

In cotton, there are English prints, percale, printed voile, cotton foulard and lawn to be reckoned with for making the simple dresses that are so nice and dainty. They provide many lovely colors and are combined with fine organdie in frocks that are charming. Some of these fabrics are bordered, as in times gone by, and these borders, make accessories, as the pockets, girdle and collar, that set off the pattern in the material and emphasize its color and character.

For afternoon wear there are the printed foulards in a very light, soft

\$1,000 AS CONSCIENCE BAI

Defrauded Man Fifty Years Ago and Now Makes Restitution to Daughters.
Bloomington, Ill.—An unusual case of conscience rapturing developed when Mrs. Mary Kahle of Virden and her two sisters, Mrs. H. B. Henkel and Mrs. G. A. Huelt, both of Sangamon county, were given \$1,000 by an old man who claimed to have defrauded their father, Peter Freeman, a half century ago.

Baby's Hand Bitten Off By Pet Hog of Family

The infant child of Mr. and Mrs. W. Bridgeman of Asheville, N. C., was attacked by a pet hog and had one hand chewed off and the other badly mangled before help could arrive on the scene.

Judge Prescribes Cure

Detroit, Mich.—Frank Hayes, alleged confidence man, leaning against a lamppost and officers he was too tired to "move on." Justice Weston prescribed 60 days' rest in the workhouse.

Some Thief

Kansas City, Mo.—Some thief! Broke lock off barn door of Baltimore & Ohio Coal company barned team and drove load of coal away. Then returned horses and wagon.

In the discussions of a prison conference in New York, one speaker declared that stone walls and iron bars pressed on the spirits of prisoners and had a hardening effect on those having convicts in charge. Perhaps the next move of penological sentimentality will build villas with flowers, fruits and bathing beaches, by way of reclaiming the wanderer from the straight and narrow path. From the brutality of the old-time prison the pendulum is swinging to the opposite extreme.

The president and all the members of the Danish parliament stood while a telegram from President Wilson was read in reply to a telegram sent him. Since America sent over millions of soldiers and millions of tons of food, Europe has acquired a deep and abiding respect for this republic which kingdoms and empires can no longer command.

With this world conference on, those Esperanto boys ought to have a swell argument for their universal language.

No single force worked harder to help win the war than the hens, and now they are trying to make peace possible.

AMERICA'S IMMORTALS
ROBERT L. BLACKWELL, Private, Co. K, 119th Infantry. Robert L. Blackwell (deceased) was decorated for conspicuous gallantry in action near St. Souplet, France, October 11, 1918. When his platoon was almost surrounded by the enemy and his platoon commander asked for volunteers to carry a message calling for reinforcements, Private Blackwell volunteered for this mission, well knowing the extreme danger connected with it. In attempting to get through the heavy shell and machine gun fire this gallant soldier was killed. The address of his father is James R. Blackwell, E. F. D. No. 2, Hindes, N. C.

Gossip for Tonight's Tea Table

Miss Ethel Toot has returned from a visit with friends in Bellefonte. James E. Gray has been called to Philadelphia Pa. on business and will be absent several days.

THREE KILLED BY RELIGIOUS FANATIC

Posing as Son of Christ, Maniao Runs Amuck in Philadelphia.

Philadelphia.—A crazed religious fanatic, who gave as his only name, Omega, Son of Jesus Christ, ran amuck with two revolvers in Philadelphia, shot three men to death and wounded five others. At his boarding house he was known as George Vincent Lembo, a young Italian about thirty years old.

Ran Around With Two Revolvers.

Transit company's plant and shot two of the employees and fled. Pursued by police and a crowd, he ran a circuitous route, the fanatic killed two of the policemen and fired a score of shots, wounding other policemen and civilians.

When Lembo was finally cornered by two policemen the fanatic pushed a revolver in either hand against the bodies of the two and pulled the triggers. One officer dropped dead. The life of the other policeman was saved because the gun missed fire. The fanatic was shot in the leg, clubbed into insensibility and captured.

At the hospital Lembo said he was the son of Christ and he had a mission on earth so important that his own life or those of others were of no account. In his room were found quantities of religious and anarchistic literature, in Italian and German, a rifle and a number of trunks and suitcases.

Nothing hurts the man who would walk under a red flag as much as to have to work for a living.

Winter will seem less formidable if prices keep imitating the downward tendency of the thermometer.

It is said the American soldiers are beginning to resent the extortionate rates charged in Paris. Our notion is that they would better be thankful it is no worse. Suppose they had to stand the guff of the American profiteer?

Russia has chosen annuity for its rule, and has gained by it longer, chaos and death. Still, if its self-destruction is for these ends, it is its own business as long as it keeps its rule on a strictly domestic basis.

The great Krupp plant is now working for the United States government in making new parts for a number of cannon rejected as incomplete by the American authorities. This is the kindest cut of all.

Daily Thought.
I will be as harsh as truth and as uncompromising as justice.—William Lloyd Garrison.

AN EXAMPLE FOR CLEARFIELD TO FOLLOW

It is an absolute and unadulterated cowardice for the people of any community to sit back, and let pass by unnoticed, the un-American sentiments expressed by its residents. Likewise it is a deliberate shirking of responsibility when the citizens of any community fail to provide against the frenzied uprisings of misguided people who because of fancied or real grievances take up the cudgel of inflamed utterances, or more dangerous weapons, with the idea of tearing down regularly warranted law and order and setting up a reign of terror and incendiarism.

Our sister town of Indiana, a peaceful and quiet community, is reported today to be facing a crisis with the Bolshevik element of Indiana County. The danger is real and not fancied. If the red flag worshipers fail to carry out their plans and it is hoped they will fail, it will be because the citizens of Indiana have backbone enough to present a solid front behind rifles if necessary, and say "You shall not pass over our streets under any other banner except that under which our boys charged when they trampled underfoot your dirty cohorts, the Huns, at the Battle of the Marne."

It is said that the persons who seek to parade over the streets of Indiana under the red flag are of foreign blood and birth. To permit such a spectacle would be beneath the dignity of any community, much less Indiana, the flower of whose manhood lies beneath the sod of France, their souls crying out to keep the stars burning until law and order is restored to all the world.

No charitable and reasonable American objects to seeing the flag of their Allies or any friendly nation flying in the breeze if placed in its proper position. It is a symbol of the good relations should be fostered and encouraged. The red flag however is an enemy flag and deserves no place on earth much less on an American flagstaff.

There is, as yet, no indication of a similar occurrence at Clearfield or at any town in Clearfield county but should such a situation arise every loyal citizen of Clearfield must be ready to obey the call for volunteer service. Put none but Americans on guard. Incidentally, should such a thing come to pass, it is gratifying to know that there are among us, those who know where the leaders of the agitators are to be found.

Have you bought your Victory Bond?

Yes, it is a very bad day to see the war train exhibition but when we consider that our boys went after the squareheads with just such equipment regardless of rain we begin to realize that little obstacles in their path were entirely disregarded. How many of us are there who falter and hold back at anthesis. Weather conditions will hold no man back who is resolute in his purpose. A man's finances and future may be just a little cloudy but if the purpose and determination are there the weather and kindred obstacles will be surmounted. Is there a little rain cloud standing between you and your duty as a Victory Bond subscriber.

DO IT NOW

While the Liberty Loan canvassers are meeting with good results in the local campaign generally, they report a tendency on the part of many people to put them off until later.

A common reply is, "Oh yes I expect to take some bonds but I haven't had time yet to give the matter much thought. If you call on me later I will see what I can do."

This tendency to procrastinate is common to most of us. It is so much easier to put a thing off than to make a prompt intelligent decision. In a campaign like the present one, however, there are several important reasons for cutting out all unnecessary delay.

In the first place this drive lasts but two weeks. Part of the time has already gone by. Many communities have already

LOGIC VS. SCIENCE

Archaeologists insist that the cave man was fond only of fat wives.—A distinguished editor

Although assured by men of science
That cave men liked their spouses fat,
We can't be led to place reliance
Upon a fallacy like that.
To say they LIKED 'em fat is silly,
For in their prehistoric state
They HAD to take 'em, willy nilly,
As we shall ably demonstrate,
And leave you fully satisfied
That all the logic's on our side.

In that forgotten long ago
Men lacked the eloquence for wooing.
If any ladies murmured "No,"
The case was one of nothing doing.
And so when in their hearts they found
The fires of love begin to smoulder
They dug their toe nails in the ground
Until they had unearthed a boulder,
And tapped the loved one on the head,
Who found, on waking, she was wed.

But ladies think this cave man stuff
(Despite what fiction writers tell us)
A little crude, a trifle rough,
And just the least bit over-zealous.
So when the cave man, with a smile,
His fond affections sought to tender
He found himself full many a mile
Outdistanced by the slim and slender,
And so he only wooed and won
The portly Janes that couldn't run.

And though the archaeologist,
Who never sees plain logic clearly,
Will still assert and still insist
That fattest wives were loved most dearly,
Sometimes the very stoutest wives
Turned out to be both false and mean ones,
And led their husbands dreadful lives,
But he could never catch the lean ones.
Which proves, as we've said all along,
That science often steers us wrong!

reached or passed their quotas. Nobody wants to see Clearfield the last on the list, limping over the line at the eleventh hour. A rush to bring up the quota on the last day means extra time and expense checking up a lot of subscriptions that might just as easily have been made in the early days of the campaign. Still more important this dragging tendency takes the interest and spirit out of the campaign and the workers. All the canvassers and others who are trying to make the Victory Loan a success in Clearfield are giving their time without any return. The hardest Loan workers are invariably the busiest people, those who have the most other calls upon their time, but who for patriotic reasons are willing to let their personal interests go by the board, often at a serious sacrifice to themselves. There have been instances in which a canvasser has been made to come back three or even four times by the same man. In that time he might have interviewed as many different people and secured three or four subscriptions.

Hence the moral, don't wait. You have your share to do. Delay will not make it easier for you, only harder for the other fellow. We have all had time to determine how much we can take. Let us subscribe cheerfully and to our limit, now.

HELP PAY THEIR FARE

"Buy Victory Bonds! We wanna go home!"
This is message from three "doughboys" of the American Army, still on duty overseas.
Their note, tied to a captured German machine gun they inspected and packed for shipment, was found when the gun was delivered in this country. Written in pencil on a sheet of paper was:

"Packed and inspected at Mehus San Yorio by Pvt Henry G. Groth, Odensburg, W. S. Pvt Walter D. Robinson, Homestead, Pa., Pvt E. S. Phillips, Louisville, Wis.
"We want to home. We have done our bit. Do you buy 'Buy Victory Bonds! We wanna go home! That's Sweet!'
The final phrase—'That's Sweet'—is in imitation of the French 'tout suite, meaning, very quickly."

DEPARTMENT OF LABOR

OFFICE OF THE SECRETARY
WASHINGTON

The Victory Liberty Loan is the biggest, most definite step toward reconstruction taken by the United States. Without it, all the plans for putting industry and labor on a basis of permanent prosperity would be unavailing.

This is labor's Loan. It will do much more than pay war bills. For every dollar of this Loan will flow back into American pockets. It will do its part in promoting unexampled prosperity—neither temporary nor inflated, but built on the bedrock foundation of legitimate, necessary expansion.

Industry is counting upon final payments of war contracts to provide the working capital for top-notch peace production. The money to make these payments must come from the Victory Liberty Loan.

Every working man who does his level best in this Loan is taking out job insurance.

W. B. Wilson
Secretary of Labor.

PRINCE ALBERT
the regular joy smoke

Just between ourselves, you never will wise-up to high-spot-smoke-joy until you can call a pipe by its first name, then, to hit the peak-of-pleasure you land square on that two-fisted-man-tobacco, Prince Albert!

Well, sir, you'll be so all-fired happy you'll want to get a photograph of yourself breezing up the pike with your smokethrottle wide open! Talk about smoke-sport! Quality makes Prince Albert so

appealing all along the smoke line. Men, who never before could smoke a pipe and men, who've smoked pipes for years, all testify to the delight it packs out! P. A. can't bite or parch! Both are cut out by our exclusive patented process!

Right now while the going's good you get out your old jimmy pipe or the papers and land on some P. A. for what ails your particular smokeappetite!

You buy Prince Albert everywhere tobacco is sold. Tasty red bags, tidy red tins, handsome pounds and half pounds tin tins—and that classy, practical pound crystal glass humidor with opaque monogram top that keeps the tobacco in such perfect condition.

R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

China has an area larger than that of the United States and a population four times as great, yet it has but 6,500 miles of railway, as compared to America's 265,000.

Durable strings for lacing machine-belts, are sometimes made of eel skins.

Chinese fathers cannot leave more property to one son than to another. All must have an equal share.

A curiosity of the calendar is that a century can never begin on Wednesday, Friday or Saturday.

I saw it in The Progress.

The extent of Canada's sea coast is equal to half the circumference of the world.

The production of yarn from paper was known in Japan more than a century ago.

Serviceable barrels of standard size are now made of paper.

NIEMAN'S UNDERSELLING STORE Every Day Is A Busy One At Our Store

GIRL ESCAPES FROM BANDITS

Was Held for Ransom by Smug-
glers on a Lonely
Island.

CAPTIVE FOR 12 YEARS

Distress Signal Answered by Small
Fishing Vessel, Off Texas Coast—
Succeeds in Reaching Main-
land.

Rockport, Tex.—Being kept on a
lonely island for more than twelve
years by a gang of bandits or smug-
glers, who hoped to secure a large ran-
som from relatives for her release, and
only making her escape through an act
of fate, is the remarkable experience
of a young woman just budding into
womanhood who has arrived at Rock-
port, Tex. The young girl knows nothing
of herself or relatives other than
she answered to the name of "Nellie"
for several years.

"Nellie" came to the mainland from
one of the five small islands lying five
miles off the coast in a small fishing
vessel which saw her signal of dis-
tress. She had been on the island
alone for two days following the death
of an old negro woman who constantly
guarded her.

Lived in House Made of Rocks.
The girl said the greater part of the
time she was on the island she lived
with the negro woman in a house
made of rocks. "Nellie" declared
her old jailer never beat her but once,
and that was when she asked if there
were other bearded men, and black
women on ships which sometimes
passed in sight, and why they could
not go away to some other house on
one of the ships.

According to the strange story related
by the girl, the bandits contemplated
taking her to South America, where
she said they could get lots of money
for her. "Nellie" said the men had
a large sailing boat. The bandits never
sailed toward the Texas coast, she

The Strange Man Was Carried Away
Dead.

said, but went down the bay in the di-
rection of Mexico. At one time, long
ago, when she was but a little girl, the
bandits brought another man to the
island, she said. "Nellie" can remem-
ber them drinking and singing and
playing cards. The next day, she said,
the strange man was carried away
dead.

Will Explore Islands.
"Nellie" is a pretty girl. Her hair
is brown, and her bright, snappy eyes
are hazel. From her general appear-
ance the people of Rockport believe
she must be of Spanish descent.

A party has been organized to ex-
plore the rock house on the island and
to trap the bandits, with a view of
forcing them to tell something of the
little girl, that she may be returned
to her parents or relatives.

CLIPS OFF WOMAN'S HAIR

But Intruder Leaves Tresses Behind—
Also Steals \$20 Without
Waking Couple.

Passaic, N. J.—Mrs. William Haw-
thorne, forty years old, of 422 Harrison
street, reported to the police that dur-
ing the night a thief had entered her
bedroom and clipped off her long, gold-
en hair. So quietly did the thief go
about his work that he not only did not
arouse Mrs. Hawthorne, but was not
heard by her husband, in an adjoining
room, nor by two children in another
room near by.

The police found marks which in-
dicated that the thief had used a jimmy
on the kitchen window. They also
found a pair of scissors. Mrs. Haw-
thorne said she believed she had been
chloroformed, as when she awoke she
felt sick. The thief also took \$20 which
was in a tin box, but evidently he had
no use for the hair after clipping it,
as it was found alongside the empty
money box by Mrs. Hawthorne.

PAY FOR VICTORY. PASSMORE URGES

E. Pusey Passmore, governor
of the Third Federal Reserve
Bank, made the following appeal
to the people of the district:

"This Fifth Liberty Loan is
officially designated the Victory
Liberty Loan and is in a financial
sense a triumphant celebration of
the consummation of our hopes
and prayers for the winning of
the war, and the preservation of
our liberties. The ideals for
which this nation fought have
been vindicated on the field
of battle and the money price of
that victory, the greatest and
most momentous victory of all
history, must be paid promptly,
cheerfully and in full share.

"The portion of this great loan
allotted to this district is \$375-
000,000, and yet no one complains
that it is too large, for what we
have done before, we can do
again; but it is a herculean task
and will take the best effort of
the entire community.

"Our of our abundance the loan
must and will be subscribed here,
as it will be throughout the coun-
try, but the maximum of endeav-
or must be maintained to achieve
the success at which we aim.

"It is said 'Love of Country
Leads.' Then the supreme duty
of the hour is clear and from now
on to the close of the campaign
on May 10 let it not be said of
one of us that we were not equal
to it. We have proudly met the call
to duty in the past and we believe
our grateful citizens, putting pa-
triotism and citizenship above all
else, will again write their record
big and clear in the name of those
who fought for us and in thank-
giving for the Victory they helped
to win."

"BILLY" SUNDAY'S VICTORY SERMON

A "pocket size sermon" on the Vic-
tory Liberty Loan by the Rev. William
A. Sunday, the noted evangelist, was
given by him to the Third Federal
Reserve District just before going
west on a Loan speaking tour.

"Uncle Sam has just cleaned up the
most infamous, vile, heartless, God-
forsaken bunch that ever outraged
womanhood or trampled with dirty-
bloody feet on the heart of a weeping
world," Billy Sunday declared.

"He has slain Prussian militarism
and he wants you to help him pay the
funeral expenses.

"We belong to a nation whose flag
fights to the finish, a nation that is
known as the corner of the world,
the wheat bin of the hemisphere, the
wardrobe of the nations and the pur-
veyor of meat to all mankind."

"Hundreds of thousands of our boys,
who fought so gloriously on land and
on the sea, when they kissed mother
and sweetheart good-bye, were one
hundred per cent mentally and physi-
cally fit. The horrors and hell of war
have sent them back crippled, maimed,
handicapped for life.

"If there is a heaven for fools the
fellow who luggs over the debt incur-
red to silence the guns they faced, or
who refuses to subscribe for a Victory
note will be there on the front seat."

The work of the Red Cross is all a
work of love. It is needed now more
than ever, when the full, terrible sum
of the war's cost is being estimated in
deaths and wounds and suffering and
maiming, in blindness and lameness
and weakness of every sort, in bitter
loss and need in America, and in en-
dless canteen and hospital service over
there. Let us end the great war as
we began it—in generosity and love
to the men that have spared us what
England and France and Italy have
endured for years, says Red Cross
Magazine. The organization of the
Red Cross is perfect; there is no sol-
dier beyond its reach, there is no
crossroads village too small for it
to find and help.

Perhaps Marshal Foch could have
taken the entire German army had he
so desired, but who wants the entire
German army?

It is hoped that all the bachelor
fighting men will be permitted to re-
tain their uniforms and side arms—for
marrying purposes.

End Foot Misery And Torture Forever

Don't fool with makeshifts. Get
rid of the trouble at once and
be happy

Obtain a small jar of Dash-Balm on
your way home tonight. Every good
druggist has it and give your foot
tired, aching, puffed up, perspiring
feet a chance to get well.

You simply apply a little of this al-
most magical balm, first bathing them
off with a little warm water and dry-
ing. You will be at once surprised
and delighted to find how easy and
comfortable you feel. No matter how
hard the day's work or how long you
may be compelled to stand at bench or
counter, real foot comfort is yours at
last.

Just as soon as Dash-Balm touches
those sore, inflamed, aching feet, you
will literally jump for joy. Shoes
never hurt or seem tight. Every drug-
gist in the country sells Dash-Balm in
small jars on the money back if dis-
satisfied plan.

WILLIAM E. BOY

BUNGALOW OF WOOD MAKES GOOD HOME

Five-Room Structure Can Be
Built at Small Cost.

SUN PARLOR IS BIG FEATURE

Opens Off Both Living and Dining
Rooms, Adding to Comfort and
Convenience of the Interior.

By WILLIAM A. RADFORD.

Mr. William A. Radford will answer questions and give advice FREE OF COST on all subjects pertaining to the subject of building, for the readers of this paper. On account of his wide experience as Editor, Author and Manufacturer, he is, without doubt, the highest authority on all these subjects. Address all inquiries to William A. Radford, No. 1821 Prairie avenue, Chicago, Ill., and only enclose three-cent stamp for reply.

Every substantial American citizen, man and woman, who is the head of a family wants a home—not merely a place in which to eat and sleep, but a real home. Homes are made by those who live in them, and when the house is owned by the tenants it is noticeable that a great deal more attention is paid to the interior comforts and the exterior appearance than when it is rented.

To own a home is an ambition that is going to be realized by many thousands of Americans this year. Already, government reports show, home build-

ing is gaining headway, while other building is lagging. Notwithstanding the campaign the federal officials are waging to bring about a resumption of building of all kinds.

The average American family builds but once in a lifetime. The house that is erected serves as the place where the children are reared until they depart to establish a home of their own. Building a home, therefore, is a matter that requires careful consideration before the type of house and its interior arrangement finally is selected. Many considerations of course influence the prospective home owner. In selecting the plans for his home, to some it is a question of getting what is wanted irrespective of the cost; to others, the

comfort and convenience of these two rooms.

A study of the floor plan will reveal that this bungalow has some excellent features in the arrangement of the rooms. The living room is of good size, 11 feet 6 inches, by 13 feet 3 inches. The arrangement of the windows, two in front and one at the side make it a light, pleasant room. Entrance to the sun parlor is gained through a doorway at the end, while there is a colonnade between it and the dining room.

The latter is of the exact size of the living room, which, because of the colonnade opening, makes the two rooms practically one.

The kitchen is practically square, being 9 feet 6 inches, by 9 feet. Off it is a good-sized pantry on one side and the stairs to the basement on the other.

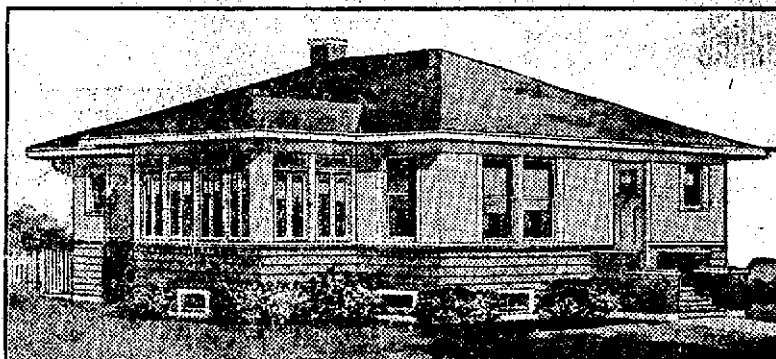

The two bedrooms are each 9 feet 6 inches, by 11 feet 3 inches. Both have closets and two large windows.

From this brief description there may be gained some idea of the comfort and convenience this home will bring to the owner. The housekeeper's daily work is all confined to the one floor, while the greatest portion of that work is done on one side of the house.

Heated at Small Cost.

There is one advantage in a home such as this that will appeal to every thrifty person. It will cost little to heat it. The heating plant, of course, will be located in the basement, which extends under the whole of the house. This, too, can be subdivided so as to provide the necessary places to store food, fuel and whatever is not in daily use.

With the exception of the front porch and the foundation the bungalow is constructed of wood. The brick

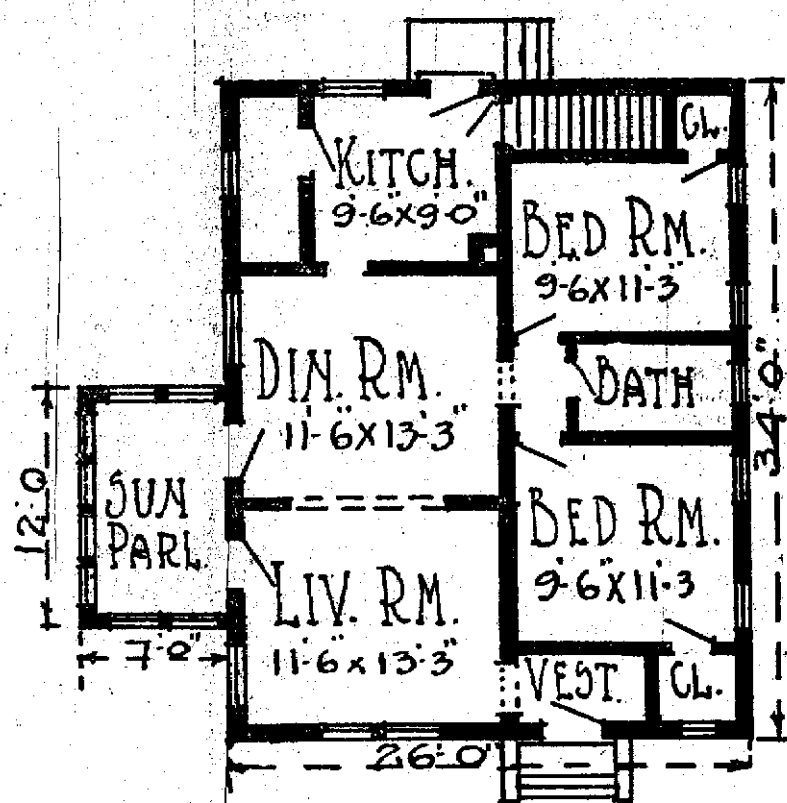

work in the porch gives the house a distinctive touch, while the siding that extends to the ground also takes it out of the ordinary appearing class of homes.

This design may be elaborated if the home builder so desires. Stucco over any of the materials to which it will adhere may be employed instead of the boards.

Taken as a whole, the bungalow will fit the needs of the average family. The installation of a bed that is concealed behind doors in the living room will add to the sleeping accommodations, while a ceiling bed in the sun parlor will transform it at night into a sleeping porch.

Being the owner of such a home as this will give the man of limited

Floor Plan of Attractive Bungalow.

means a great deal of satisfaction, as well as providing him and his family with a comfortable place in which to live.

To Explore British Guiana.

Eighteen men and women, naturalists, scientists and artists, will sail for British Guiana soon for exploration work in the jungles outlying Kalacoon, the station established by the New York Zoological Society in 1915, to enable William Beebe, curator of birds in the Bronx zoo, to obtain a complete collection from the American tropics, says the New York World. Beebe will lead the new party, and his associate for several years, John T. Van, will accompany him. Others in the party will include Miss Mabel Satterlee, granddaughter of the late J. P. Morgan, assisted by Miss Sarah Sturges, who will study bird life; Prof. William H. Wheeler of Harvard, who will study ants; Prof. Ulric Dahlgren of the University of West Virginia, whose specialties will be eels and crocodiles, and Miss Corita Spencer, who won decorations for Belgian war work, and Mrs. Gussie Garvin, student of jungle birds.

Five rooms and bath and the sun parlor comprise the space in this bungalow. Living room, dining room and kitchen are arranged along one side and two bedrooms with the bath between them are on the other side.

A notable feature of the interior arrangement is the placing of the sun parlor so that it opens both the living and dining rooms, adding to both the

"May? No! WILL

"What? Make up my mind right now that I've waited long enough; that I can't stay behind the times; that I'll dig up my dollar and put down my name for America's big, broad, helpful national farm weekly."

Pile Sufferers! Clever Ohio Chemist

Says This Great Prescription Taken

Internally Has Never Failed

Even Chronic cases of 20 to 30 Years standing, with profuse bleeding, have been completely cured in from three to ten days.

No discovery of recent years in the field of medicine has caused such a stir amongst the medical profession as the recent discovery that piles can be successfully treated and cured at home by a wonderful prescription known to druggists at Miro Pile Remedy.

It has been proved that so called external remedies applied or inserted into the rectum cannot cure piles and at the best only give temporary relief. This is also true of surgical operations which simply remove them after formation, but in no wise acts on the source of the trouble.

This prescription, although taken internally is not digested in the stomach, but is rapidly acted on unchanged to the intestine in a short time reaching the exact place where by

its soothing, healing action it first stops all inflammation and stops the bleeding with all ulcers, and pain, itching, burning, and discomfort. It is a perfectly safe, reliable, and effective remedy. It is not a secret, but a fact that has been accomplished.

The author of this amazing discovery, Miro Pile Remedy, declares that even the most worst cases and the most incurable piles have been cured by this remedy. He has been all over the country to guarantee it in every case of blind bleeding or protruding piles. (IMPORTANT) What is known as bleeding piles are not piles in the true sense of the word, although this condition may accompany a true case of piles. For this condition Miro Pile Ointment has been prepared as in each case it is not necessary to take the internal prescription.

COAL COAL COAL COAL

We are now in a position to furnish some very highest grade custom coal and furnace coal. This is the kind of coal of which when you have burned one load you want another.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Illini Tribe No. 362 Improved Or-
der of Red Men will hold their 15th
annual banquet on Friday, May 2,
1919 at eight o'clock in the basement
parlors of the M. E. church of Cur-
wensville.

The program is as follows:
Invocation, Rev. F. W. Biddle.

"Our Order," John A. Dale, Chief
of Records.

"How It's Done," Wm. I. Holden,
Senior Sagamore.

"Red Membership" Joseph Bunnell,
Past Sachem.

"Live Red Men" Harold B. Smith,
Prophet.

Extemporaneous remarks by J.
Emery Daubs, Sachem and Edward
Wilson, Warrior.

"Odds and Ends," Harry B. Faulk-
ner, D. B. G. S.

General remarks, Red Men and Pale
Faces.

A good time is anticipated and all
Red Men are invited. Music will be
furnished by Knight's Saxophone or-
chestra of Clearfield. Red Men from
the surrounding towns will be present
including Philipsburg and Clearfield.

GRAMPIAN

Mrs. Howard Spencer, of Curwens-
ville, spent Wednesday with E. A.
Spencer.

Hepburnia school closed on Friday.

The W. C. T. U. made a drive for
new members and held a reception for
those joining the M. E. church on
Wednesday evening.

Bruce Kendall, who purchased the
F. J. Hamilton property has moved
his family to his new home.

Florence Wood spent the week end
with friends in DuBois.

Mrs. E. A. Spencer has returned
from West Virginia where she was
visiting her mother.

Fire was discovered at the home
of William Turner Tuesday about 4
o'clock. The fire was soon extin-
guished and little damage was done
to the house.

Mr. and Mrs. D. J. Bonsall spent
Tuesday with Mrs. Bonsall's mother
Mrs. Korb of Luthersburg.

Mrs. Eric Bloom Fishell and chil-
dren who spent the winter in the
west are visiting Mrs. Fishell's moth-
er Mrs. Phineas Bloom.

AMERICA'S IMPORTANTS

PATRICK GARRITY,
Private, Company C, 354th
Infantry.

Private Garrity was decorated
for conspicuous bravery in ac-
tion near Remonville, France,
November 1, 1918. When his
company was advancing across
an open field an enemy machine
gun opened fire upon it from the
left front. Private Garrity and
two other soldiers being on that
flank of the company, immedi-
ately advanced upon it. His
two comrades were shot down,
but Private Garrity advanced
alone at a run; and with his
bayonet drove the three Ger-
mans from their gun into a near-
by dugout, capturing them and
the gun. Private Garrity's home
address is 3741 Kenmore ave-
nue, Chicago, Ill.

BOY SCOUTS

(Conducted by National Council of the
Boy Scouts of America.)

ARMY MEN AS SCOUTMASTERS

"Don't take off the khaki, just
change the buttons," is a slogan that
will appeal to returned and retired of-
ficers of the United States army.

Maj. Gen. C. M. Clement of Sunbury,
Pa., is at the present time the first
army officer to accept this new scout
slogan for himself.

General Clement has recently re-
turned from active service on the
western battle front.

The acceptance of a position as
scoutmaster by General Clement has

Maj. Gen. C. M. Clement.

made it difficult for other men to re-
fuse a like call on the ground of mul-
tiplicity of duties.

There are at present over 452,000
boy scouts with their leaders. Appli-
cations are coming in to national head-
quarters at the rate of about 1,000 a
day. The government wants the scouts
to grow, and there would be several
million of these organized boys in
khaki if there were the men to lead
the troops.

Returning army men can find in this
a great opportunity. The scout uni-
form, in fact, is much like the army
uniform and is authorized under Sec-
tion 125 of the army reorganization law.

SCOUT'S LIFE FOR ALLIES.

In the death of Denwood W. New-
bury, age seventeen years, in a lum-
ber camp on Mount Spokane there
passed a boy who, disappointed that he
was too young to enter the army, had
done all he could to aid the causes
of the allies to prove he was not a
sneaker, and who had striven to live
up to the principles he had learned as
a boy scout.

He was intensely interested in the
war, and had contributed from his
earnings to the French war orphan
fund, the American relief, and had in-
vested in War stamps and bought a
Liberty bond. At the camp he collect-
ed 264 from the men for the Red Cross.
He had been a member of the boy
scouts in California, where we lived
before going to Spokane two years
ago, and his efforts were along the
line of making a good record for the
scout service.

To say that prices have sky rocket-
ed is a poor figure of speech. A sky
rocket comes down, eventually.

The planting of walnut trees on the
farms, however, is not a movement to
raise gunstocks for another war.

There can be no monotony these
days when everything costs a penny
more and life is so full of change.

A "Made-in-America" movement is to
be started. One such exhibit which
should lead the rest is world peace.

The hard coal output was less than
last year. Is this another way of
breaking news of another advance?

Now that the war is over, bank rob-
bers will not have to fear a shortage
of explosives for use in their line.

The Sign That Indicates Clear- field's Livest Clothing Store

It's early Spring and most men are in
the prospective mood for new clothes and the
question of where to get the best value and
satisfaction together with good taste and
style comes up.

The sign displayed at the top of this
"ad" gives the answer. We are proud to be
the possessor of this sign in our city. It's
"insurance" that any clothing purchaser is
getting his money's worth of everything in a
suit or topcoat possesses and the selection of
this line was made after careful observation
before we decided to exploit it here. It has
proven its worth!

New Spring light-weight coats and suits
have just been unpacked and we'll say the
pleasure of your early inspection shall "be all
ours."

New Spring Suits
at \$25.00 to \$50.00

H. J. FLEGAL

Says Hot Water Each Day Keeps The Doctor Away

Drink Glass of Hot Water Before
Breakfast to Wash Out the
Poisons

Life is not merely to live but to
live well, eat well, digest well, work
well, sleep well, look well. What a
glorious condition to attain, and yet
how very easy it is if one will only
adopt the morning inside bath.

Folks who are accustomed to feel
dull and heavy when they arise, split-
ting headache, stuffy from a cold, foul
tongue, nasty breath, acid stomach,
can, instead, feel as fresh as a daisy
by opening the sluices of the system
each morning and flushing out the
whole of the internal poisonous stag-
nant matter.

Everyone, whether ailing, sick or
well, should, each morning, before
breakfast, drink a glass of real hot
water with a teaspoonful of limestone
phosphate in it to wash from the
stomach, liver, kidneys and bowels
the previous day's indigestible waste,
sour bile and poisonous toxins; thus
cleansing, sweetening and purifying
the entire alimentary canal before put-
ting more food into the stomach. The
action of hot water and limestone
phosphate on an empty stomach is
wonderfully invigorating. It cleans
out all the sour fermentations, gases,
waste and acidity and gives one a
splendid appetite for breakfast.

While you are enjoying your break-
fast the water and phosphate is
quietly extracting a large volume of
water from the blood and getting
ready for a thorough flushing of all
the inside organs.

The millions of people who are
bothered with constipation, bilious
spells, stomach trouble, rheumatism,
others who have sallow skins, blood
disorders and sickly complexions are
urged to get a quarter pound of lime-
stone phosphate from the drug store
which will cost very little, but is

Piano, Lost 20 Years, Found in Razing Building

A piano in a rosewood case
that disappeared when the West
house, in Sandusky, O., was re-
modeled 20 years ago, has been
found by workmen engaged in
tearing down the old hotel.

It develops that in extending
the dining room a new floor was
laid over a pit in what was
known as the banquet hall, in
which the instrument reposed.

The piano is in a good state of
preservation.

Interesting Session.

Portland, Ore.—There was intense
interest in court when larceny evi-
dence against Mabel Cole was intro-
duced. "Was a dainty garment of
sheer pink silk. An envelope chemise."

THE BOY SCOUT'S SALUTE.

During the playing of the national
anthem, the passing of the colors, or at
sunrise or sunset colors, a scout in uni-
form stands at attention and salutes.

If in civilian clothes, whether in line
or not, he simply removes his hat. This
is not hard to bear in mind and should
be strictly observed.

Notice two approaching up-to-the-
minute scouts, totally unknown to each
other. At six paces their hands snap
up and the scout smile or cheerful
"Hello" results.

The national bureau of labor statis-
tics will be able to tell us nothing
about the high cost of living we do not
already know.

The weather reminds us to hope that
women haven't quit knitting wool
socks just because the fighting is over.

It is sufficient to make anyone a pro-
nounced crank on te subject of inter-
national sanitation.

STYLE HEADQUARTERS Where Society Brand Clothes are Sold

Society Brand Clothes

This is our "Budd" model—it stands high in the esteem of
those who are particular about their clothes.

WAS A MERE SKELETON FROM LUNG TROUBLE

Gained 28½ pounds in 28 days,
and completely recovered
health.

"When my health failed a few months
ago, several physicians told me I had
consumption and refused to take my
case—that I might last longer in a
higher climate but that it was only a
question of time with me. I was soon
reduced to a mere skeleton, weighing
only 100 pounds, and was hardly able
to walk.

"Finally a friend told me that Milks
Emulsion had cured him and persuaded
me to try it. By the time I had used two
bottles, I noticed a decided improve-
ment. I began to grow stronger. In
28 days, I had gained 28½ pounds. I
have now taken 23 bottles and am
happier than two natural bowel move-
ments. I have regained my health. I weigh
am stronger and in better health than
I have been in the past 10 years. Milks
Emulsion saved my life."—Chas. W.
Byers, 201½ Chestnut St., Terre Haute,
Ind.

When success has been achieved in
hundreds of cases just as hopeless as
this, it seems unwise for any victim to
deny himself a trial of Milks Emulsion.

It can do no harm in any case, and
it costs nothing to try.

Milks Emulsion is a pleasant, nutri-
tive food and a corrective medicine. It
restores healthy, natural bowel action,
doing away with all need of pills and
physics. It promotes appetite and quick-
ly puts the digestive organs in shape to
assimilate food. As a builder of flesh
and strength, Milks Emulsion is strong-
ly recommended to run-down nervous
people, and it has produced amazing re-
sults in many cases of tuberculosis of
the lungs. Chronic stomach trouble and
constipation are promptly relieved—usu-
ally in one day. It works like magic
on coughs and colds.

This is the only solid emulsion made,
and so palatable that it is eaten with a
spoon like ice cream. A truly wonderful
medicine for weak, sickly children.

No matter how severe your case, you
are urged to try Milks Emulsion under
this guarantee—Take six bottles home
with you, use it according to direc-
tions, and if not satisfied with the
results, your money will be promptly
refunded. Price 60c and \$1.20 per
bottle. The Milk Emulsion Co., Terre
Haute, Ind. Sold and guaranteed by
Stewart's Drug Co.

Meat Cause of Kidney Trouble

Take Salts To Flush Kidneys If
Back Hurts or Bladder Weak

If you must have your meat every
day eat it, but flush your kidneys
with salts occasionally. Says a re-
spected authority who tells us that meat
from uric acid which accumulates in
the kidneys is the cause of kidney
trouble. It is the cause of rheumatism,
gout, and all the ailments that result
from the accumulation of uric acid in
the system. To neutralize these uric acids
and to cleanse the kidneys, take
the body's uric acids, water, and
ounces of Jad Salts. These salts
macy here take a glass of water
a few days, and your kidneys will
then act fine. This is the only
is made from the salt of sodium and
lemon juice combined with water.
Has been used for generations
flush and stimulate the kidneys
also to neutralize the uric acid and
so it no longer irritates the bladder
weakness.

Jad Salts is the best remedy for
ure and makes a delicious and
vescent lithia-water drink.
